

RUHR TALKS 2017

9.–10. June 2017

Evangelische Kliniken
Gelsenkirchen

Akademisches Lehrkrankenhaus
der Universität Duisburg-Essen

Celebrate with us five successful years!

Feiern Sie mit uns fünf erfolgreiche Jahre!

Ladies and Gentlemen,
Dear Colleagues,

The RUHR TALKS is an established international interdisciplinary conference with focus on intensity modulated high-precision irradiation, stereotactic radiotherapy and image-guided adaptive brachytherapy. This year it celebrates its five-year jubilee.

In addition, our 2012 newly opened clinic is celebrating its five-year anniversary and the consolidation as a leading interventional clinic for personalized radiotherapy – regional and supraregional.

The RUHR TALKS takes place at the Maritim Hotel Gelsenkirchen from June 9 to 10, 2017 and is traditionally characterized by interdisciplinarity and a variety of lectures of national and international experts with panel discussions.

We deliberately promote the active cross-occupational communication. Participants will also benefit from receiving numerous continuing education credits and the free-of-charge conference participation.

Discounted accommodations are available
at the event hotel mentioning the conference name
(www.maritim.com/en/hotels/germany/hotel-gelsenkirchen/hotel-overview).

We are looking forward to welcoming you again in Gelsenkirchen/Germany.

RUHR TALKS 2017

Sehr geehrte Damen und Herren,
Sehr geehrte Kolleginnen und Kollegen,

die RUHR TALKS haben sich als internationale, interdisziplinäre Fachtagung mit Fokus auf intensitätsmodulierte Hochpräzisionsbestrahlung, Stereotaxie und bildgeführte adaptive Brachytherapie etabliert und feiert ihr fünfjähriges Jubiläum.

Ebenso feiert unsere 2012 neu eröffnete Klinik ihre fünfjährige Existenz und die Festigung als führende interventionelle Klinik für personalisierte Strahlenmedizin – regional und überregional.

Die RUHR TALKS findet in Maritim Hotel Gelsenkirchen vom 9. bis 10. Juni 2017 statt und trumpft traditionell mit Interdisziplinarität und einer Vielzahl von Fachvorträgen nationaler und internationaler Fachexperten inklusive Podiumsdiskussionen auf. Wir fördern damit bewusst den aktiven berufsübergreifenden Austausch. Zahlreiche Fortbildungspunkte und die kostenlose Teilnahme sind selbstverständlich.

Wir freuen uns, Sie erneut in Gelsenkirchen begrüßen zu dürfen.
