Local organizers:

Franz Rödel and Stephanie Hehlgans
Department of Radiotherapy
and Oncology

Venue:

University Hospital,
Building 22, Lecture Hall H22-1
Theodor-Stern-Kai 7
60590 Frankfurt/Main

The Frankfurt meeting will cover innovative and interdisciplinary aspects of current radiation research and will focus on:

- Mechanisms of DNA repair and DNA damage response
- The immune system in the context of radiobiology
- Strategies to optimize radiation response and radiation protection
- Radiobiology meets the clinics: translational research

Deadline for abstract submission: June, 4th
Early registration: June, 30th
